**HITS BUMP ON
WOLF ROAD;
BADLY INJURED**

John Mullen, 39, of Benton Harbor, Mich., who is manager of the fund-raising campaign of the Mokena Methodist church, met with a serious accident late Monday night as he was returning to the Valley View motel where he is stopping while here on this assignment.

He had attended a meeting at the church, and while driving south on Wolf road hit a bump which threw his car through the guard rail on the west side of the road. The car careened across the ditch and came to rest in the timberland on the west side of the road. Mr. Mullen was thrown out of the car about 30 feet from where it came to a stop.

He says he must have lain there for some time, unconscious, and when he finally came to he saw a pair of headlights approaching. He raised his hand to signal but the car did not stop. Then he managed to raise himself somehow or other, but blacked out again.

About two o'clock in the morning, when it was considerably below freezing, police found him, but just how they came to find him Mr. Mullen does not know. They took him in an ambulance to Silver Cross hospital where x-rays were taken, which showed that several ribs had been broken. He was still in the hospital at time of going to press. The car was towed to a body repair shop in Lockport.

Another man will come to Mokena to relieve Mr. Mullen in the management of this fund-raising campaign, pending his recovery.

**To Give Christmas
Concert Dec. 21 At
Lincoln-Way High**

The combined band and choruses of Lincoln-Way Community High school will present a Christmas concert at 8 p.m. in the high school gymnasium, Dec. 21.

The program will be under the direction of Mrs. Betty Tryon, vocal instructor, and Robert C. Taylor, band director, and will be open to the public. Tickets may be purchased from any band or chorus member after Dec. 6. This will be the first appearance of the Lincoln-Way Music Department in formal concert.

**Pageantry To
Mark Frankfort
Centennial**

Frankfort will be 100 years old next August. Elaborate plans are now being made to celebrate this event in fine fashion. The village board is meeting with the citizens, and arrangements have already been made to engage the Rogers Co. of Ohio, who are specialists in centennial pageantry.

This company will develop and manage a pageant using all local people, representing the village in various periods from pioneer days to the present time.

**Church Organizer
Returns as Pastor**

A reception will be held for Rev. and Mrs. S. E. Waldemer at the Cavalry Baptist church in Frankfort Tuesday, Dec. 14, at 8 p.m. A cordial invitation is extended to all to come and get acquainted.

Rev. Waldemer returned to the Cavalry Baptist church in Lincoln Estates as its pastor, last Sunday. He had organized the church 15 years ago. He succeeds Rev. Arthur Contois, who will become pastor of Park View Baptist church, Mokena.

Rev. Waldemer received his BA and BD degrees at Bethel College and Seminary, St. Paul, before attending Moody Bible Institute in Chicago. He left Chicago Heights in 1943 and has since preached in Burlington, Ia., and Minneapolis. For some time he and Mrs. Waldemer were stationed in Muskegon, Mich., where he did home missionary work in lower Michigan.

A Sunday school has been established in Lincoln Estates, but there were no regular worship services there until Rev. Waldemer was invited by the district superintendent to hold afternoon services in Ann Rutledge school. He was preaching at that time at Immanuel Baptist church in Chicago Heights.

Mr. and Mrs. Waldemer will live in the parsonage in Lincoln Estates.

**Two Injured When
Scaffold Breaks**

Otto Konow Sr. was quite badly hurt Thursday at the Wilhelm farm, when a scaffold on which he was standing gave way, and he fell to the ground. At the same time a ladder on which Edward Daley was standing, fell and ladder, and Mr. Daley struck Mr. Konow. Mr. Daley was scratched and bruised; Mr. Konow has several broken ribs and is suffering from bruises. He is recuperating at his home under the doctor's care.

**Approve Re-zoning
Of Mokena Property**

The Mokena village board met in regular session Tuesday evening. Previous to the meeting, the village zoning board met at 7 o'clock in the hall to consider the request of J. Scott Perry.

The request covered the re-zoning on the south side of Front street between Division and Midland ave. to business from residential. Mr. Perry lives in this area at 221 Front street. The board approved the rezoning.

Because the bids for the raising of the Stellwagon building on Front street appeared too high, they were not accepted by the board.

Robert Schweizer presented his report of the audit of the village books for the past two years.

Robert Ferdin asked approval of his plans for his new subdivision, Brightwood, the former Andrew Cappel farm, west of the village. He explained that his lots will exceed the 10,000 sq. feet per lot required by county. Brightwood lots will have frontages of 100 and 80 feet, respectively. The board gave its approval.

Complaints have been made of the condition of Mokena street between Front and the railroad tracks. The board plans to improve that short stretch of road soon. There are many holes and rough spots, which makes driving hazardous.

**Lincoln-Way Social
Studies Class
On WJOL Dec. 9**

"Then and Now" will be presented over Radio Station WJOL Thursday, Dec. 9 at 7:45 p.m. by the 9th grade social studies class. This program is one of a series portraying various phases of the Lincoln-Way High school to the community.

By means of this radio program the social studies class is pointing up some of the areas of progress in our everyday life in the past 100 years. The students used some of the historical research work done by the field services team of the University of Illinois in the preparation of the report "School of Tomorrow."

The script committee consists of Linda Powers, chairman, Tom Dunham, Judy Schieffer, David Gilmore, Stanley Barnett, and Barbara Niemann. In preparing the script the committee used the flash-back technique, starting with the dedication program for the new high school and reflecting back on the history of these communities that comprise Dis. 210.

Mr. Keelye, his speech and dramatics class, and Mr. Dieken, assisted the students in the preparation of this program.

Why not make it a regular listening habit to tune in these weekly programs about your new school?

**Home Decorating
Contest Sponsored
By Civic Assn.**

The Mokena Civic association will again sponsor the annual Christmas home decorating and lighting contest for Mokena and environs. The purpose of the contest is to encourage citizens to decorate their homes attractively and in keeping with the spirit of the Christmas season.

Cash prizes will be awarded: first, \$15; second, \$10, and third \$5. There will also be several honorable mentions. Judging will be done Monday evening, Dec. 20.

The Civic Association will also sponsor the community Christmas tree, which will be erected as usual, in the parking area near the Rock Island station. The tree is being donated by the New Lenox Lumber and Hardware Co. Harley Mann is in charge of arrangements.

The community gathering around the Christmas tree will be held Monday evening, Dec. 20, starting at 8 p.m. Norval Robinson will lead the singing. Santa Claus will be on hand with a great big sack with gifts for all the children. Everyone is invited to come and join in the singing and have a jolly good time.

**Injured Jumping
Off Fast-Moving
Rock Island Train**

Roy Wagner, 43, of 323 First st., Mokena, was severely injured when he attempted to alight from a moving Rock Island train at Mokena Friday afternoon.

He had fallen asleep on the train, which was westbound, suddenly awakened, saw that the train was moving out of his station. He jumped as the train reached point west of Wolf road, by the Wall paper mill. The train, however, was going too fast and Mr. Wagner had a bad fall, suffering severe facial injuries. The train was held for several minutes and a call was put in to the police and Dr. McMahon's home. Mr. Wagner was permitted to return home.

**TRUCK DRIVER
OVERCOME BY
CARBON FUMES**

Thomas Adams, 19, of Braidwood, had a close call with carbon monoxide poisoning Monday afternoon, about 2 o'clock, caused by the breaking of a flange in the exhaust pipe of the truck he was driving.

He was driving a truck load of stone for the Starr-Johnson Construction Co. of Joliet to 191st st., east of Mokena, where a new road is under construction. He knew of this break in the exhaust pipe, but thought he would be able to reach his destination and get back before anything happened. However, he miscalculated.

He was driving east on Route 30 just east of the Wabash viaduct at New Lenox when he sensed he was being overcome by gas. He slowed down, opened the door, and fell to the pavement, unconscious. Passing motorists reported this at New Lenox. Ray Westlund, reporter for the News-Bulletin, happened to be in New Lenox about this time, and with Mr. Bruno, proprietor of the New Lenox body shop, drove to the scene. When the two arrived, Adams was quite cold, and was having difficulty in breathing. Westlund threw the woolen robe from his car over him, and as this did not seem sufficient took off his overcoat and covered him with that. Both men stayed with Adams until the county police arrived.

Deputies Charles Timm and Lee Ruphard serviced the call. At that particular time Monday afternoon all squad cars were on service calls, and their squad car was the closest. At the time they got the call they were on Route 66, beyond the Wilco gas station, a considerable distance from the scene of the accident.

As they knew this was a life or death call they raced to the scene at top speed. They brought an inhalator from the Joliet fire department, through the use of which Adams was revived. He was then removed in a Gerald Dames ambulance to Silver Cross hospital. He has now been released from the hospital and at last report was doing fine.

**PATROL BOYS
NEEDED AT
R.I. CROSSING**

Parents living on the south side of Mokena are confronted with a problem—the safety of their children crossing the Rock Island tracks when going to and from school. This is particularly true of parents of first and second graders. Naturally the parents are worried about them, for at this age a lowered gate does not mean too much to the youngsters, for they can easily slip under the gate and may be unaware of the danger approaching.

One father who has been working nights makes it his business to go to the railroad crossing every noon. He stands and watches the children as they cross the tracks. This father is unable to serve as watchman at any other time. At this time there is a very fast streamliner coming through from the west, which poses a threat to all the little children who cross the tracks. Should any child attempt to slip under the gates at this time it would be very serious, indeed, as this train is traveling too fast to make a sudden stop. If there is a fatality here, at noon or at any other time, immediate steps will be taken to abrogate the danger.

These steps should be taken now, before it happens. A suggestion has been made that the parents of this area south of the tracks consult with Mrs. Elizabeth Cappel, school principal, to see about arranging for patrol boys in the morning before school, at noon, and in the afternoon when school is out.

The father who stands guard at the crossing at noon would like to have other parents cooperate with him, and possibly take over during periods when he cannot be there.

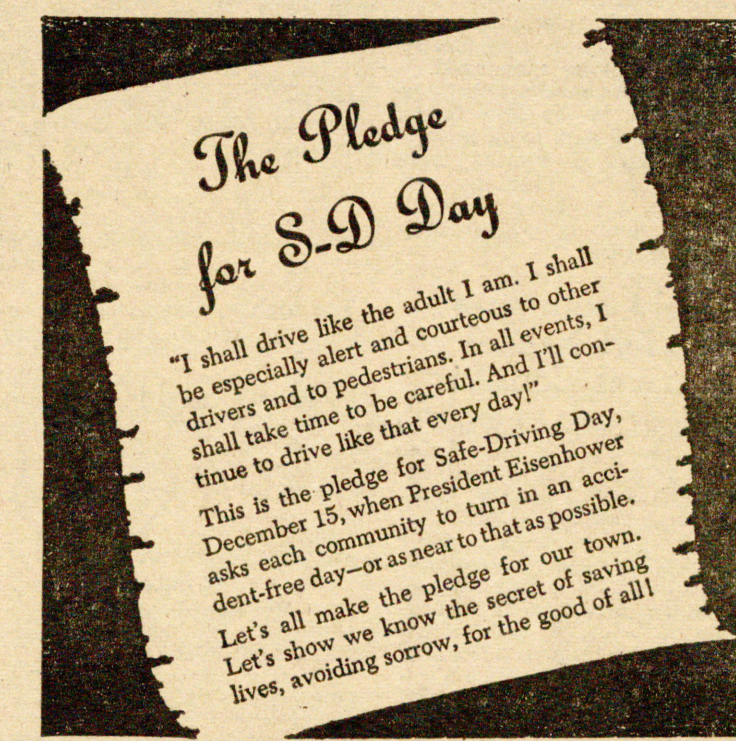

**Name Prizes In
Frankfort Lions
Lighting Contest**

Prizes for the residential Christmas lighting contest, which is being sponsored by the Frankfort Lions club for residents of Frankfort, will be 1st prize, \$25 cash; 2nd prize, \$15 cash; and 3rd prize, \$10 cash.

Residents are asked to get their Christmas lighting display ready at once. Judging will start Dec. 17 and continue until the 24th.

The Lions will present a trophy to the winner of the commercial lighting contest, which they are also sponsoring. This trophy will be described later.

Watch out for moisture buildup in your farm-stored grain when cold weather hits.

**Mokena Girl Scouts
Pledge for S-D Day**

Troop 186, 4th grade Brownies, will have their Christmas party for their mothers at their regular meeting Dec. 14. The troop will not meet again till January.

Recent hostesses at their meetings have been Jean Murdoch, Diane Lange, Betty Lou Smith, and Kathleen Owens. They have made mitten lapel pins, pine cone turkeys, and gifts for mother and father; also their own Christmas tree which will be exhibited in a store on Front st. Leaders of this troop are Mrs. Walter Yunker and Mrs. Norval Robinson.

The Mokena Neighborhood Girl Scout organization met at the school Dec. 7, and made plans for the investiture tea to be held Sunday, Jan. 16. The Civic association has asked all girl scout troops to help provide ornaments for the town Christmas tree.

The Trailways Girl Scout council earns some of its funds by selling cotton candy which is donated, in the Boston drive of Joliet, for three weeks before Christmas. The Mokena neighborhood has agreed to take care of this candy booth Saturday, Dec. 11.

Training for volunteers will be given by Mrs. Jane Dills in January, starting the 13. All mothers of eligible daughters are asked to consider taking this training. Mrs. Marcella Lehmann is chairwoman and Mrs. Virginia Ronan is secretary of the Neighborhood association.

The third grade Brownie troop made little Pilgrim favors for Thanksgiving and are working on Christmas gifts now. Mrs. E. D. Friant, Mrs. Louis Badten, Mrs. Douglas Lovezzie and Mrs. Willie Mueller have been helping the girls.

**Record Earnings
Shown In Report Of
Treasurers Office**

The final report of earnings for the County Treasurer's office in Joliet as presented to the Will County Board of Supervisors Monday, Dec. 6, indicated a total amount earned of \$123,509 for the six months just past. Thus, the total as turned in to the county general fund by Byron Hunte as county treasurer for the past four years reaches a total earnings of \$386,189. This amount is more than the amount of earnings for the previous eight years. The increased earnings are based on a general increase in the amount of taxes now levied plus efforts of the treasurer's office to collect delinquent personal property taxes. Hunte pointed out.

Hunte concluded his term of office Monday since a county treasurer cannot succeed himself. The new treasurer, Floyd H. Krapf of Grenn Garden, assumed office Monday together with other newly elected officers—holders after being sworn in before the County Board.

Mr. and Mrs. Willard Martie of Mokena are announcing the engagement of their daughter Joanne to Mr. W. James Marshall Jr., son of Mr. and Mrs. W. James Marshall Sr., 5529 Everett ave., Chicago. The couple will be married in St. John Evangelical church in Mokena Sunday afternoon Dec. 26 at 4 o'clock. All friends and relatives are invited to the wedding.

Miss Martie was graduated from the Illinois University at Urbana and is now employed as an accountant in Chicago. Mr. Marshall is also a graduate from the Illinois university at Urbana where the two met, and is now furthering his education for a doctor in a Chicago school.

**To Chaperon PTA
Square Dance Sat.**

The following couples have consented to act as chaperones at the PTA square dance to be held at the Mokena public school this Saturday, Dec. 11: The Roy Richardsons, the Richard Sippels, the Norval Robinsons and the Wesley Capps.

Dancing is scheduled to start at 8 p.m. and will end at 11. All ages are welcome, but children under 10 should be accompanied by their parents.

**SD-DAY, DEC. 15
AIMED AT
SAVING LIVES**

The dramatic goal of a 24-hour period free from traffic accidents is set for next Wednesday, Dec. 15, proclaimed by President Eisenhower as S-D Day (Safe Driving Day). The day is to be observed nationally to emphasize that safe accident-free driving is possible if every motorist puts his mind and hand to it. On this day every citizen is asked to drive and walk as he would have everyone else drive and walk.

S-D could just as well be S-W Day. S-D means safe driving, but safe-driving will be almost as important if traffic accidents are to be held to a minimum next Wednesday. Everybody in this area is urged to use extra caution, in either driving or walking, as their effort towards community action.

In the United States 38,300 persons were killed in traffic accidents during 1953. That is equivalent to wiping out a city the size of Bloomington, Ill. Pedestrians accounted for 8,600 of the deaths. The injured numbered 1,350,000. And the financial cost came to a staggering \$4 billion. During December of last year, according to National Safety Council figures, more than 1,000 persons literally walked themselves to death.

With the cooperation of all business, civic and safety groups, this slaughter on Illinois streets and highways can be drastically reduced, says Carl A. Miller, member of the Chicago Motor club board of directors and state director for the S-D Day campaign. He pointed out that statistics for 1953 showed that three out of four accidents occur on dry roads and in clear weather; more than half the fatal accidents occur at night; about one third of all pedestrian deaths occur at intersections.

The National Safety Council says:

Early evening hours are especially hazardous for pedestrians. More than a third of the victims were killed between 5 and 8 o'clock in the evening from October to March. About 41 per cent were crossing streets between intersections, 25 per cent were killed at intersections, and 11 per cent were walking in the roadway.

Three easy rules can help make S-D Day and every day a safe walking day for pedestrians. To avoid that "run down" feeling:

1. Cross only at intersections and wait for the green light - and watch out for turning traffic.

2. Wear something light or carry a flashlight if you must walk on a roadway at night.

3. Make sure packages, umbrellas or newspapers do not block your view of approaching traffic.

It all boils down to personal responsibility. Let every person, driver or pedestrian, do their part, not only on S-D day but every day in the year.

**J. MARCOUX
HONORED**

For excellence in football during the current season at Morgan Park Military Academy, John L. Marcoux, son of Mr. and Mrs. Leo J. Marcoux of Valley Creek Farm, was awarded a major sports letter. He participated in all games throughout the 1954 schedule and was considered one of the most valuable members of the Frosh-Soph team.

John already is looking forward to next year when he hopes to be a regular player on the varsity team.

Richardsons, the Richard Sippels, the Norval Robinsons and the Wesley Capps.

Dancing is scheduled to start at 8 p.m. and will end at 11. All ages are welcome, but children under 10 should be accompanied by their parents.

**FRANKFORT
BAND PARENTS
STATE AIMS**

Eighteen band mothers and William Reed, the director, were present at the Frankfort Community Band Parents association monthly meeting, Dec. 3. Shirley and Norman Sievert played a saxophone and cornet duet, Nancy and Douglas Heiser a clarinet and cornet duet. It is planned to have several children from the band play each month.

Objectives and purposes of the Band parents association were stated as follows:

1. To raise funds for the director's fee, band equipment and uniforms; 2. Enable parents to become familiar with the band work; 3. Become acquainted with the director; 4. To afford the opportunity to discuss problems of the band; 5. To give students to more interest in music; 6. To help foster public interest in music; 7. To encourage the student to recognize the importance of music; 8. To show the director appreciation for his band work.

**Mary Spratt, of
Frankfort, Weds
John P. Schwarz**

Mary Kathleen Spratt, daughter of Mr. and Mrs. Patrick Spratt, of Frankfort, was united in marriage to Pfc. John P. Schwarz, son of Mr. and Mrs. Anthony Schwarz of Worth, November 13 at 4 p.m. in St. George Catholic church, Tinley Park.

The bride, who was given in marriage by her father, was lovely in a chapel length gown of traditional white satin with a nylon net yoke and Peter Pan collar embroidered in tiny seed pearls and sequins. Her finger tip veil fell from a small tiara embroidered to match the gown. She carried an orchid with stephanotis mounted on a satin prayer book and a crystal rosary.

Miss Patricia Spratt, sister of the bride, was maid of honor, and Miss Mary Lou Perdak attended as bridesmaid. Both girls wore identical floor length shrimp colored crystalettes gowns with small feathered hats to match. They carried crescent bouquets of white-tugi mums. Two little cousins of the bride wore similar dresses of aqua crystalettes with matching nylon net bands in their hair.

Little Lenelle Scholl was flower girl. She carried a basket of rose petals. Janice Spratt, who was junior bridesmaid, carried a small crescent bouquet of mums.

Both the mother of the bride and groom wore gowns of light blue, with black accessories.

The groom was attended by his brother, Charles, as best man and Corp. Steven Patkay, U.S. Army, was Mr. Richard Lang, of Chicago, and Mr. Robert Schwabe of Mt. Olive, Ill.

Immediately after the ceremony the family and a few close friends were served refreshments in the home of the bride's parents.

A wedding reception for 300 people was held from 7 to 11 p.m. at the VFW hall in Mokena. An orchestra provided excellent music for dancing. Supper was served during the course of the evening, and one of the highlights was the cutting of the cake by the bride and groom. This beautiful wedding cake was baked and decorated by the bride's aunt, Mrs. Leonard Scholl of Winchester, Wis.

The bride attended St. Francis Academy in Joliet and the Academy of Fine Arts in Chicago. The groom attended Community high school in Blue Island, and is now stationed at Ft. Carson, Colo.

**Portage Jr. Local
Hereford Bull,
Wins Top Honors**

They have what you might call "some bull" at the Oxo-Hereford farm, west of Mokena. This is the former Brooder farm, now owned by John Matasovic. They have an excellent herd of about 40 head of Hereford breeding cattle on this farm, and among them is a bull which Matasovic owns in partnership with the Portage Farm of Ohio, located at Woodsville, O.

The son of this bull, Portage Jr., Mixer No. 10, won the grand championship prize for Hereford bulls last week at the International Livestock Exposition in Chicago. Portage Jr., also won the same prize at the Bluegrass Show in Kentucky in October, and at the Eastern National show in Tomorrow, Md., in November.

As a result of his having won these three first prizes in succession, Portage Jr. has been made the newest member of the Register of Merit, an honor of which Mr. Matasovic is justifiably proud.

Recoverable coal reserves of the United States are estimated by the U.S. Geological Survey scientists to be around 950,000,000 tons, or nearly 40 per cent of all the coal reserves in the world.

**Mokena Church
Starts Campaign
To Raise Funds**

A "loyalty" chicken dinner was served in the Valley View restaurant last Friday evening, to members and friends of the Mokena Methodist church, with 60 in attendance. Purpose of the dinner was to launch the fund-raising campaign for completing the newly built and remodeled Methodist church in Mokena.

There was an outstanding and very lively spirit of harmony and good will in evidence with everyone appearing anxious to do their part towards helping the cause. The meeting was held in the Sun-Air room which was gay with lighted Christmas trees, poinsettias, and large candy canes which gave the place a very festive air.

Berle Needham, president of the church board of trustees, presided as chairman of the program following the dinner. Mrs. W. H. Pittman was called upon to give a brief history of the church. She said there was no official record of the church available as to when it was founded, but that the late William Semmler, as a young man, while sweeping the church one day, accidentally bumped against a small marble top table and noticed the marble top moved. Catching it before it fell, he observed there was writing on the under side of the marble top and was eager to see what it might be. Written by hand was the following legend: "This church was built in 1866 and dedicated Dec. 15, 1867 as a Methodist church."

Mrs. Pittman highly extolled Mrs. Elmer Cooper who has served as treasurer of the church for the past 40 years, and referred to the personal sacrifices she and her family made during the depression years to keep the church functioning. Mrs. Cooper is still treasurer.

An explanation for the canvass, which will take four or five days only, this week, was made.

The group of men who were to solicit the members and friends of the church were named. It was pointed out that this would be in the nature of "sacred giving," because this church does not claim any wealthy parishioners. People were asked to give according to their financial ability, but not expected to go beyond what they could reasonably afford.

At the time of going to press the solicitors are getting in pledges far beyond their most hopeful expectations, for which they are most grateful.

The pledges call for weekly contributions of a stated sum over a period of three years.

**The Marvin Smiths
Return To Mokena**

Mr. and Mrs. Marvin Smith have returned to Mokena from Morton, Ill., where they had been employed by the Tazewell County News, since their marriage last July. Mrs. Smith is the former Adeline Semmler.

Mrs. Smith will work in the newspaper office in Mokena, the same as formerly. Mr. Smith needs no introduction to the people of this area, as he conducted the Semmler newspapers since the subscription campaign over a year ago. He will work out of the Tinley Park office as contact man and will be occupied mainly with public relations and advertising work.

The Smiths arrived from Morton last Saturday night, and are at present living in the Semmler home.

**Famed Lecturer
Address Banquet At
New Lenox Church**

The Lincoln-Way School Science club will present Dr. Harry J. Fuller, well known author, lecturer, and traveler, as guest speaker at its banquet to be held in the New Lenox Methodist church at 6:30 p.m., Dec. 15.

Dr. Fuller, who is professor of botany at the University of Illinois will speak on the subject "Scientific Horizons." During the summer months of the past several years, Prof. Fuller has visited England, Mexico, South America, and the Island of Martinique.

The Lincoln-Way Science club is sponsored by Charles F. Elmerman, instructor of Biology and General Science, and Neil Hardy, chairman, science and mathematics department.

A few tickets will be available to the general public after students and parents have purchased theirs. Tickets may be secured by calling the High School or from any Science Club member.

AWARDED VARSITY LETTER
Fall sports participants at Oberlin college were awarded varsity letters during special dinners given in their honor last week.

Gerald Lehmann, a sophomore in the College of Arts and Sciences, received his letter in cross-country. He was manager of the squad.

He is a chemistry major and also belongs to the track squad. Lehmann is the son of Mr. and Mrs. Fred G. Lehmann, Mokena.

**STEAL AUTO
FROM FARM
OF ED TEWES**

An automobile was stolen from the farm home of Edward Tewes, south of Frankfort, sometime Saturday night.

When Mr. Tewes got up to do his chores Sunday morning it was still dark, and he did not notice that his automobile was gone. A little later, when Mrs. Tewes was preparing the breakfast, she looked out the window and noticed the garage door was open, but the car was gone. Assuming that something had gone wrong and that her husband had taken the car out to go somewhere she thought no more about it, until he came in from the chores, when she asked him where he had gone so early in the morning. He answered, "Why, nowhere." Only then did they know that their car had been stolen.

It is believed the theft took place sometime between 8:30 Saturday night and 6 a.m. Sunday. It was a 1951 green Tudor Fleetline Chevrolet. The only accessory it had was a heater. No trace had been had of it since.

Sometime ago a car was standing alongside of the road south of the Tewes farm for a considerable time. They reported this to the sheriff who came and removed it, after discovering it was a stolen car. It is quite possible that this same thing has now happened to the Tewes car, and they are awaiting it's recovery.

(Police called Wednesday morning and informed Mr. Tewes that the car had been found at a gas station in Metropolis, Ill., and that it was in good running condition. Metropolis is in the southern part of the state, on the Ohio river. Mr. Tewes left at once to get his car.)

**Pickup 'Crop'
Donations at Farms**

The 1954 CROP campaign for the north half of Frankfort, south of Mokena and Homer townships was completed Nov. 30 with a large truck load of corn and a goodly number of bags of beans being delivered to Wilton Center.

James Tilsy, Mokena, picked up the crop donations at the farms and hauled it to Wilton Center. The cash donations by other people made a total value of over \$660.

CROP extends their thanks for volunteer worker who accomplished this Christian endeavor. They were Raymond Knieriem, Gus Termunde, Robert Burch, Willard Rowley, Jerome Padlock, Mrs. Earl White, Clarence Wells, Roy Parker, Everett Holm, Mrs. E. Hansen, Ralph Reiter, Edwin Yunker, Norman Strassenburg, William Weber, Paul Smith, Marvin Kohl, George Abbe, Clarence Larson, Owen Maue, Henry Anderson, James Tilsy and Wilbert Lauffer.

CROP also thanks St. John's church, Mokena, for the generous giving of the Thanksgiving service offering. Rev. Armin Meyer, one of our missionaries, recently returning to this country, also expressed his thanks to CROP for the gift which his mission in India received.

**Missionaries Spend
Week At Mokena
Leave For St. Louis**

Rev. and Mrs. Armin F. Meyer, furloughed missionaries from India, who spent the past eight days with their sister and brother-in-law, Rev. and Mrs. William Riemann, at Mokena, left Monday for their temporary home in St. Louis, Mo.

While in Mokena they both spoke in the St. John church and the St. Peter's Evangelical church at Frankfort, telling of their experiences on their mission field. It has been stated that Missionaries in India "walk on eggs" because of the precarious position held by American missionaries. Such people have to wait months before India will give them a clearance to enter their country. A large number have been denied and some have not been allowed to return. The reason is the mistrust the East has for the West, and while these missionaries have to watch very carefully, their every action and word.

The Meyers spent 33 years in service in India and they intend to return. Several weeks ago their visas were granted them.

While here they met with the Sunday Evening club of St. John's church at a notlucky supper when 52 persons were present. Hostesses at that time were the W. B. Hamiltons, the Edward Dunhams and the Charles Swangers.

BAKE SALE

The ladies of St. Mary's church at Mokena will sponsor a bake sale Saturday, Dec. 11. It will be held in the Sorensen's Sweet Shop from 12 to 3 p.m. Proceeds of the sale will

School News

Speech & Dramatics

The speech and dramatics class of Lincoln Way High School is one of the busiest classes in the school. The class has accomplished many things since school

has started. The school radio program is their biggest project. The class is kept busy meeting the deadline for our weekly show. They have a schedule that is set up so that they know exactly when

they are to present the radio program for the entire year. This type of work is fun and interesting. The class gains experience in speaking before a microphone, and in working with other people.

Even though a lot of our time is spent on radio work, they still have time to learn the fundamentals of speaking correctly. These fundamentals include phonetics, way to form words, and the or science of sound, the correct proper way to overcome any speech difficulties that any may have.

The class also has had training in public speaking, speaking dialects, and dramatic readings.

Homemaking Scholarship

Calling all Senior Homemaking girls.

You are the object of a national search. But don't run - unless you run to the library or classroom to study up on homemaking. Because this is a homemaking search which will be fun and educational at the same time, a search for the All-American Homemaker of Tomorrow.

She may be in our school! The girl among our seniors scheduled to graduate in the spring who receives the highest score in a written examination based on homemaking knowledge and aptitude will be our Homemaker of Tomorrow.

There will be fun and prizes right from the beginning of this project which General Mills has sponsored to focus public attention on what our school is doing to prepare our young women for the future and to demonstrate how homemaking can be as rewarding and glamorous as any other career.

Participants will take a 50-minute examination which will be given simultaneously in all schools Jan. 12. This examination will be graded by Science Research Associates of Chicago. Our Homemaker of Tomorrow will receive a golden pin and a cook book. Her examination paper will be entered in state competition.

The state winner will receive a \$1,500 scholarship, a golden jeweled pin, a complete set of Encyclopaedia Britannica for her school and a trip with her school advisor to the national award dinner in Philadelphia April 21, which will also include a tour of Washington, D.C., and colonial Williamsburg, Va.

The scholarship of that state winner selected as the Betty Crocker All-American Home-

maker of Tomorrow will be increased to \$5,000, and she will receive a specially designed diamond-studded gold pin.

FBLA

The Future Business Leaders of America met Dec. 2 with President Fred Madsen, presiding.

The club is planning on a Christmas party before Christmas. Gifts will be exchanged.

The F.B.L.A. bake sale will be held Dec. 11, in the New Lenox library from 9 a.m. to 12 noon. Special service awards were given to Fred Madsen, Ardis Batson, and Karen Piepenbrink. The club is sponsored by J. Bryce Sardiga.

To Hold 18th Ann'l Natl. High School Oratorical Contest

The Will County Council of The American Legion, which represents the 12 American Legion posts in Will county, is inviting high school students of Will county to contact their speech teachers and superintendents of their respective schools for specific information regarding the rules for the 18th annual National High School Oratorical contest. The first round of elimination for this contest will be held at Lockport, Friday evening, Jan. 21, 1955.

This contest was first introduced in Illinois by the American Legion in 1935 at the request of the daughters of the late Joseph G. Cannon, former U.S. representative from Danville, who served a total of 46 years in the United States House of Representatives. It was the desire of Representative Cannon's daughters to have the Legion create a program dedicated to the promotion of oratory among the high school students of the country.

The American Legion felt that the greatest period of oration in American history was at the time that our forefathers were planning the Declaration of Independence, which later developed into our present constitution. During this period there were many debaters and orators, many of them well known and remembered, such as Webster, Calhoun, Jefferson, Douglas and Franklin, whose thought and expression by oration had much to do with the final development of our present form of government. Therefore, the American Legion felt that it be fitting and proper that the topic of oratorical contests should be drawn up and around some part of our constitution.

They also thought that the students as well as the nation as a whole would benefit from the necessary review of our American constitution by students participating and the people who heard them deliver their orations. As further motivation for the contest, the American Legion, department of Illinois annually awards a 4-year, 2-year and 1-year scholarship to 1st, 2nd, and 3rd place, state winners are eligible to compete in the national contest where \$4,000, \$2,000 and \$1,000 scholarship awards are made to 1st, 2nd, and 3rd, place winners.

Interested students should contact their superintendents or speech teachers immediately so that they can make the necessary preparation for the Jan. 21 elimination. This was announced by V. E. Dillon, chairman for the Oratorical contest in Will county.

Public Speaking Course
Often times when people are asked to speak before an audience, they cannot do an adequate job because they lack the know-how. Bremen high school is offering a course which will meet this need for adults.

This class in public speaking begins Jan. 3 and will give adults the opportunity to prepare and deliver speeches. Emphasis will be placed on What to Say and

How to Say it.
Each speech will be recorded and then played back so the speaker can evaluate his own work. Class members will also learn where to secure speech material.

For further information contact Glenn Starnier, Director of Adult Education, Bremen high school. Phone Fu 8-1015.

L-W Exceeds Quota In Magazine Sales Campaign

The magazine sales contest at Lincoln-Way came to a hectic and successful conclusion Dec. 1 when student salesman turned in over \$700.00 worth of magazine subscriptions to push the grand total sales to \$3315.47, well beyond the goal of \$3,000. The campaign was sponsored by the student council which wishes to thank the patrons of the Lincoln-Way community for this fine support.

The proceeds of the campaign will be distributed among the various classes and clubs. In addition there were many individual prizes awarded including a daily award of a box of candy to the room with the highest sales. The high salesman each day was awarded a prize equal to the number of pennies he could remove from a fish bowl in one hand.

Below is a daily summary of the results as reported by the students who kept daily records. Nov. 15, the first day of sales totaled \$185.00 with Fred Madsen as high salesman selling \$24.50. His room for the day was Mr. Sardiga's with \$1.75 per person. Fred received \$1.55 from the penny grab. Nov. 17, totaled sales \$144.76 with Eugene Scheer high salesman. Mr. Lashmets boys gym was high room for the day. Eugene received a \$1.72 from the penny grab. Nov. 18, \$230.05 total sale with Ken Weber as high salesman with \$45.50. Mr. Sardiga's room was high room for the day. Ken received \$2.08 from the penny grab. Nov. 19, \$295.95 total sales. Dale McMahon was high salesman with \$58.50. High room was Mr. Hardy's. Dale received \$1.94 in the penny grab. Nov. 22, \$244.65 total sales. Marilyn Cooper was high salesman with \$34.75. High room was the girl's gym. Marilyn received \$1.43 in the penny grab. Nov. 23, total sales \$212.50. High salesman was Ralph Eisenbrandt

There was also a beautiful display of orchids. The children were particularly interested in the small patch of cotton which was ready to pick. There were many interesting tropical plants and trees about which they had often read but had never seen. The Bird of Paradise, from Hawaii, was in full bloom. There are banana, orange, cinnamon, coffee, pepper, coconut and many other fruit and spice trees which grow in the tropics or sub-tropics found growing there.

On their way to Chinatown they passed the famous Hull House and Maxwell street. Chinatown was very much alive. They were met by a man who offered to be a guide. He took them to all the places of interest which included the temple, the museum, the Merchants association, the bakery and several of the bazaars. The children had a wonderful time.

Room 302 has been alive with activity the last few days. The Room club held a meeting using Thanksgiving as the theme. They made potato turkeys to take home as Thanksgiving favors.

Rooms 300 and 301 recently gave an interesting assembly program for the school. Both plays were about Thanksgiving.

On Nov. 17, the eighth grades took a trip to the Chicago Historical society. They saw the museum exhibits, heard a lecture on life in the early American colonies, and saw a movie about Pocahontas.

Patrol boys who have a perfect record for the week of Nov. 22 are: Patrick Rea, James Rizzuti, Harold Stege, Bill O'Neill, Billy Diekmann, Edward Bailey and James Casey.

The art classes are engaged in constructing and planning properties to be used in the Christmas program, Dec. 17.

Tinley Park basketball teams

played their first game of the season Wednesday afternoon, on the Tinley Park court against West Harvey. The Tinley Park lightweight team won the first game 17 to 7; but Harvey overpowered Tinley Park heavyweights piling up a score of 43 to 15. To spur the teams to victory these were the cheerleaders Diane Koss, Dawn Hartwig, Betty Jean Powers, Diane McArthur and Jill Kelly. Judy Blitvich is mascot.

Bert Fulton School News

The pupils of room 101 are making a Christmas mural. They are also decorating their room for the Christmas season.

The pupils of this room will participate in the Christmas program.

Christmas plans are under way at the Fulton school, and the rooms are taking on a holiday air with drawings and cut-outs of Christmas trees, stockings, and chimneys.

Rooms 101, 108, 105, and 107 will work with Mrs. John to prepare a Christmas program for the school and parents on December 21. Room parties will be held Dec. 22 with gift exchanges and refreshments.

The first-grade children in room 108 are looking forward to starting "Guess Who" next week, their first hard-back reader.

every washday-

WHY?

AN ELECTRIC DRYER TAKES THE WORK OUT OF WASHDAY

...yet costs only \$1⁹³ a week to own.

Dial clothes dry the way you wash them—inside, in minutes, electrically!

Maybe your wife has a good washing machine. But it won't lift water-heavy wash or hang it on the line. Why must she work so hard every washday? An automatic electric dryer is easy to own. Why put it off?

Look, an electric dryer is only a step from the washer. And, nothing touches your clothes but clean, fresh, electrically heated air. (Fastest and cleanest for drying clothes.)

Clothes are easier to iron when perfectly conditioned for it in an automatic electric dryer. Many things come out ready to fold and put away—smelling sweet as all outdoors.

What about it? For only a few dollars down and \$1.93 a week you can own a modern automatic electric dryer. See the latest models at your nearby appliance dealer's or our store. Today would be fine.

MOKENA SCORES DOUBLE VICTORY AT ELWOOD

Mokena opened the DesPlaines Valley Conference season with a double victory at Elwood Monday, Nov. 29. The lights won 27 to 9 while the Heavies were victorious 45 to 19.

The Lightweights jumped off to a 12 to 4 lead in the first quarter and were never headed after that. They added to their lead each following period. Mokena's defense was outstanding, as Elwood was held to only one field goal and that score did not come until late in the game. Haehnlein and Schuldt again lead Mokena's attack with 6 points apiece, and were assisted by Porick and Sayers with 4 points each.

The Heavies held an 8 to 0 advantage at the end of the first period but an Elwood rally closed that gap to 14 to 9 at half time. Mokena then assured themselves of victory as they held the home team scoreless for the third quarter while rolling up 13 points themselves. The final period saw the heaviest scoring of the game as Mokena gathered

18 points to 10 for Elwood. Ronald Daugherty again turned in an outstanding performance with 10 points. Johnson contributed 9, and A. Dina 7.

TAX FACTS
 By George Mahin, Executive Secretary
 Taxpayers' Federation of Illinois

Illinois ranks fourth among the states in population, fourth among the states in income received by its citizens - and fourth among the states in its expenditures for public schools.

"The impression given by the school lobby in its perpetual drive for more State aid for schools is that Illinois taxpayers should hang their heads in shame over their treatment of the school children," it was stated by George Mahin, executive secretary of the Taxpayers' Federation of Illinois. "This is not true. The

amount spent for public education is a combination of local and state tax money. While it is true that expenditures from State taxes for elementary and high school education in Illinois is lower than in a number of other states, this is more than counterbalanced by the higher local tax burden for school purposes."

The school lobby, Mahin continued, is not advocating that State aid be increased in order to reduce the local tax burden. On the contrary, he said, it is advocating that State aid be increased in order to increase the total amount available for schools, even at the expense of increasing the State sales tax.

Basing his statements on a new publication just released by Tax Foundation in New York, "Facts and Figures on Government Finances for 1954-1955," Mahin also pointed out that the expenditure per pupil and the average salary paid to teachers in Illinois are far higher than in Pennsylvania, which out-ranks Illinois in population and in income received by its people.

Citing Springfield, Illinois, as an example, where a 5 million dollar building program was recently approved with the support of the Taxpayers' Federation of Illinois, Mahin pointed out that the average salary paid to classroom teachers was \$4,687.

While figures may not lie, Mahin concluded, propagandists can manipulate figures to tell only part of a story. It is unfair, he said, to picture Illinois taxpayers as niggardly in support of public education by using only State aid figures whereas examination of all the figures shows they are not.

Attorney Generals' Official Opinion On C.P. Affiliation

Illinois school teachers who join or who become "closely affiliated" with the Communist Party or any other subversive organization may be removed from office and their certificates revoked, Attorney General Latham Castle held today in an official opinion.

The Communist Party, Castle's opinion advised State Superintendent Vernon L. Nickell, "is not a political party in the American sense."

Castle's opinion quoted from an opinion by the late Mr. Justice Jackson of the U.S. Supreme Court which says in part that "the goal of the Communist party is to seize powers of government by and for a minority rather than to acquire power through the vote of a free electorate... It is designed to undo the Declaration of Independence, the Constitution, and our Bill of Rights, and overturn our system of free, representative self government."

Castle's opinion also quotes from a decision handed down recently by the Illinois Supreme Court in a case in which an applicant for admission to the Illinois bar refused to answer questions as to membership in the Communist Party or any other known subversive "front" organization. The Supreme court's Committee on Character and Fitness refused to issue him a certificate to practice law and he asked the Supreme Court, notwithstanding the absence of this certificate, to grant him permission to practice law.

"Mr. Justice Daily, in a considered and learned opinion, distinguished between political activity and the subversive movements of the Communist party," Attorney General Castle's opinion said. "After reviewing cases in this and other jurisdictions, he said: 'We conclude that the Committee's inquiry into petitioner's membership in the Communist party was relevant to a determination of his good citizenship and his ability to take the oath of a lawyer in good conscience, and the petitioner's constitution-

al rights were not infringed upon by such action."

"Thus, it may be seen," Castle's opinion states, "that a school teacher who participates in the Communist movement is not attempting to advance American ideals in a political sphere, but rather to destroy America. While school teachers, by their trained leadership, have made valuable contributions to government at local, state, and national levels, the few teachers who might become part of the Communist apparatus are not a part of the tradition of those educators who worked within the American political framework."

"The school code," the opinion states, "permits school boards to remove for cause teachers who have tenure. In addition, under Paragraph 2-26 of the School Code, you can revoke a teacher's certificate for cause."

"It seems to me clear beyond peradventure," Castle's opinion concludes, "that you have the right to revoke the certificate of any teacher who is a member of the Communist party or closely affiliated therewith. By the same token any school board may dismiss a teacher, notwithstanding tenure, if the teacher is a Communist or affiliated with other subversive organizations."

Jets Like Their "Drinks" Iced

The fact that liquids boil at much lower temperatures at high altitudes than they do at sea level is giving plenty of headaches to oil men and designers and pilots of jet airplanes. These new ships climb so fast that as much as 10 per cent of their fuel may boil away before the subzero temperature in the stratosphere chill it below its high-altitude boiling point. Oil com-

pany researchers, who work closely with Uncle Sam is getting - and keeping - our Sabres and Shooting Stars in the air, are working on a theory that refrigerated fuels or pressurized tanks may solve the problem.

The Homemakers group of the local PTA will hold their Christmas party at the home of Mrs. Loren Gay Thursday Dec. 16 at 7:30 p.m. Hostesses will be Mrs. Gay, Mrs. Arthur Rawwell, and Mrs. Margery Ball. Members are requested to bring cookies and in case of not being a secret pal a gift for exchange.

John Minion was toastmaster at the Toastmasters club meeting Monday night Nov. 29 at the Trinity Lutheran church. Lester Brownlee was toastmaster, and speakers were David Brun, Lewis Leabo, George O'Brien, Lowell Webb and Bill Penn. Gerald Johnson was master evaluator, and evaluators were Bill Heidrich, Kenneth Tauber, William Wilson, Walter Bernard, and Lester Brown. Larry Carlson gave the invocation and benediction. Paul Kaufman was timekeeper.

Mr. and Mrs. Herman Torrence and Mr. and Mrs. Everett Melford have returned from New Orleans, La. where they spent a few days vacationing.

Mr. and Mrs. E. C. Godwin attended the annual Christmas Music festival at Northwestern university Sunday where their

son Robert is a Junior student. Both Robert, who is a Phi Mu Alpha pledge at the university this year, and his brother James, who is a biology major in his senior year at Albion college in Michigan, were home for the Thanksgiving holidays with their parents who live on E. Wood street.

Mrs. Roy Minger was hostess to her pinocle club in her home Dec. 1. Mrs. Wilbur Walsh, Mrs. Geo. Marshall and Mrs. Charles Carnahan were awarded the prizes. Mrs. Walsh will be the next hostess.

The New Lenox Bluebird 4-H club met recently in the Lions Den with 21 members present. They chose their winter projects and made plans for their Christmas party to be held Dec. 18. The girls made Christmas pins for the orphanage. Refreshments were served.

Karen Jencon, four year old daughter of Mr. and Mrs. Joseph Jencon was a medical patient at Silver Cross hospital last week.

Mrs. William Penn left Friday by plane for Los Angeles, Calif. where she was called by the sudden death of a friend, Mrs. Nan Rylander.

Members of the Friendly Neighbors club will meet at the home of Mrs. Maude Hanney December 15. A Christmas dinner and party will follow the regular meeting.

Mr. and Mrs. George Bucksar of Joliet are the parents of a 9 pound, 14 ounce son, Keith George William, born Nov. 30 in St. Joseph's hospital. Mrs. Bucksar will be remembered as the former Pat Zeigler, daughter of Mr. and Mrs. William Zeigler.

Mr. and Mrs. Robert Voss of Joliet are parents of a five pound, seven ounce son, Robert, born Friday, Dec. 3 in Silver Cross hospital. Mrs. Voss is the former Christine Wondrasek, daughter of Mr. and Mrs. Emanuel Wondrasek, No. Cedar road.

Mr. and Mrs. Thurman Bolerjack of Joliet have moved into their new home on Francis rd.

The First Child Study club will meet Wednesday, Dec. 15 for their annual Christmas party at the Lions den. Mrs. Kenneth Messenger, Mrs. Ronald Crisman and Mrs. Robert Clark will be hostesses.

Mr. and Mrs. Harry Kohlhaugen will celebrate their Golden wedding anniversary at an Open House celebration Dec. 19 in the Mokena VFW hall on Wolf road from 2-4, and from 7-9 o'clock.

Mr. and Mrs. A. W. Walsh returned to their home in Michigan Monday after spending two weeks here with relatives and friends.

The exciting new idea behind
the motoramic Chevrolet

The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Maybe once in a car-buying lifetime, you come across something that breaks all the old patterns and establishes new ones. This is that kind of car. This is the true story of how Chevrolet and General Motors shaped a new idea in steel.

Like most good ideas, this one is pretty simple. Chevrolet and General Motors set out to build the first low-priced car that would:

- bring you the very freshest and finest styling to be had.
- bring you the most advanced engine design and engineering features.
- bring you the kind of performance and the kind of ride that have never been available before in a low-priced car.
- bring you the highest quality of manufacture and materials.

All this in Chevrolet's price field? That did take some doing! And isn't it logical that only Chevrolet and General Motors have the people, skills, resources and facilities, to carry out this exciting new idea? Here is how this new Chevrolet changes all your ideas about cars!

to its wide-eyed Sweep-Sight windshield... a new outlook for motoring. And that outlook doesn't change when you slip inside... exciting fabrics and trim are harmonized with the whole car.

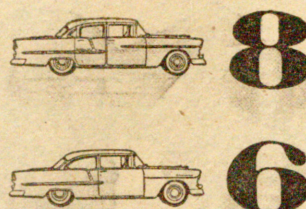

A Sensational Ride!

You live the new idea instantly... you glide... actually glide because spherical joints "roll with the punch" of the road in Chevrolet's new Glide-Ride front suspension. And outrigger rear springs mean new balance in turns... turns made so effortlessly by new ball-race steering. And when you stop suddenly, new Anti-Dive braking control checks that nosing down in front... you get "heads up" stopping. Tubeless tires mean much greater protection against blowouts. And with new high-level ventilation there's fresher air!

Drive with care... EVERYWHERE! Make December 15 and every day SAFE-DRIVING DAY!

Power Beyond Compare!

You also feel the new idea quickly... quick power like a panther's paw with the new "Turbo-Fire V8" (162 h.p.) and two new "Blue-Flame" 6's. And sparking this performance is a 12-volt electrical system giving you better ignition, faster starting, greater electrical reserve for any of the power assists you might desire. You have a transmission choice of economical Overdrive and improved, automatic Powerglide (optional at extra cost) or standard shift.

Even Air Conditioning!

And if you desire the convenience of power assists (optional at extra cost)... you'll find new power-steering and improved power brakes on all models. Power-controlled windows and powershift seat are available on the Bel Air and "Two-Ten" models, while air conditioning may be added on V8 models.

Won't You Try It?

Here, we can only tell you how successfully the Motoramic Chevrolet expresses the new idea behind it. But the car itself can quickly show you! Come in for a demonstration drive, won't you, first chance you get.

INCOME TAX CHANGES WHICH AFFECT FARMER

The 1954 Tax Code contains about 3,000 changes representing a complete overhaul of our federal tax laws. Following is a brief digest of some of the major changes affecting farmers:

1. Date income tax report is due.

Final return (no estimate used)....Feb. 15, 1955
Final return (estimate used)....April 15, 1955
Estimate.....Jan. 15, 1955

2. Soil and water conservation expense. Improvement costs, such as building earth dams, ponds, leveling, grading, terracing, ditching or moving earth, can now be treated as an expense item (instead of a capital item) up to 25 percent of a farmer's gross income per year. Costs over 25 percent can be carried forward to succeeding years. This also includes assessments paid to a soil conservation or drainage district - if the expense would have been deductible to the farmer had he done the work himself. Note: the farmer must elect either to list these improvements as expense or to capitalize them on his return (the first year such improvements are made); after that, he cannot switch without permission.

3. Involuntary conversion of diseased livestock. Livestock destroyed or sold because of disease now come under the involuntary conversion provisions. This means that any profit made is not taxable if the entire proceeds are used to replace such animals within one year from date of destruction or sale.

4. Depreciation. For depreciable property acquired or constructed before Dec. 31, 1953, the same method of computing depreciation must be used as before. But for new property acquired or constructed after 1953, any of the following methods may be used:

Straight-Line Method. This has been the most common method used in the past. Annual depreciation is equal to cost less salvage value, divided by estimated years of life.

Declining-Balance Method. A depreciation rate this is twice the "straight-line" rate is multiplied by the unrecovered cost. For example, if the useful life is 10 years, the straight-line rate is 10 percent and the declining-balance rate 20 percent. If the property cost \$1,000, depreciation the first year would be \$200 (\$1,000 times 20 percent); depreciation the second year, \$160 (\$800 of unrecovered cost times 20 percent); and so on.

Sum-of-the-Digits-Method. The depreciation rate is a fraction, the numerator being the remaining years of life and the denominator being the sum of the years of useful life. For example, if the property had an estimated life of 4 years, the denominator would be 10 (4 plus 3 plus 2 plus 1). The first year's depreciation would therefore be 4-10 of the cost; the second year, 3-10; the third year, 2-10; and the fourth year, 1-10.

Lower Prices Can Increase Milk Sales

One of the best ways to get people to drink more milk is to lower the price, believes R. W. Bartlett, University of Illinois College of Agriculture dairy marketing specialist.

A chain grocery in Champaign-Urbana increased its milk sales by 26 per cent in one week by lowering the price of a quart of milk two cents, Bartlett says. The price reduction was announced

in full-page ads in two local daily papers.

For every 100 quarts of milk sold during the previous week in 10 stores in the chain, the company sold 126 quarts during the week of the sale.

In the week following the special sale, the price was raised to its original level. Sales were still 9 per cent higher than they were the week before the sale.

This practical experiment shows what stores can do to increase milk sales by cutting their profit margins by a cent or two, the marketing specialist points out. He hopes that other stores will carry out similar tests and report their results.

CHRISTIAN SCIENCE CHURCHES

The effectiveness of scientific prayer in meeting human problems of every kind will be set forth at Christian Science services this Sunday, Dec. 12.

Keynoting the Lesson-Sermon entitled "God the Preserver of Man" is the Golden Text from II Timothy (4:18): "The Lord shall deliver me from every evil work, and will preserve me unto his heavenly kingdom: to whom be glory for ever and ever."

Among the passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be the following (16:7-11): "Our Master taught his disciples one brief prayer, which we name after him the Lord's Prayer. Our Master said, 'After this manner therefore pray ye,' and then he gave that prayer which covers all human needs."

From the Bible will be read the account as given in Matthew of Christ Jesus' instructions on how to pray which includes the following (6:7,8): "But when ye pray, use not vain repetitions, as the heathen do: for they think that they shall be heard for their much speaking. Be not ye therefore like unto them: for your Father knoweth what things ye have need of, before ye ask him."

POST OFFICE ISSUES NEW POSTAL MANUAL

Another important "first" in the Post Office department - allowing mail users themselves to help shape postal regulations into the most practical, usable form - has been incorporated into the precedent-setting Postal Manual being issued in final form, effective Dec. 1, Postmaster General Arthur E. Summerfield states.

The December 1 edition replaces the preliminary edition originally issued Oct. 21. It contains proposals advanced by the public for improvements in the postal regulations. The suggestions came from large commercial users of the mail, publishers, newspapers, citizens in all walks of life and postal employees themselves.

Postmaster General Summerfield announced, when the preliminary publication was released, that the Post Office department was taking what was for his department an unprecedented step of asking for suggestions on improvements. The effective date of the regulations, originally set for Nov. 20, had to be moved up to the present Dec. 1 date to take advantage of the best of the recommendations.

Among additional changes being made in the final publication are the following:

1. Further clarification of the use of meter stamps has been made. The entire part on meter stamps has been rewritten.

2. Publishers will be allowed to use white or any other light-colored paper for wrapping, instead of being restricted to white

Manila paper - a simple change, but one which will be important financially for this large group of mailers.

3. Another important revision for publishers who are among the largest users of the mails will be one permitting use of light-

colored paper for address strips also, instead of the present mandatory white or yellow - another simple change which will have financial importance. As a part of this change, the requirement is abolished that black ink exclusively must be used on the

address strips.

4. Specific measurement limitations as to where the "window" must be located in the envelope are changed, to eliminate unnecessary restrictive and technical requirements which formerly applied to large mail users.

5. A complete list of territories, possessions and trust territory lands included in domestic mail service has been placed in the final Manual - another illustration of how the Manual will give complete, basic information for mail users.

6. Strict and unnecessary restriction on the identifying lettering for rural mail boxes are modified.

In a recent study of the nation's electric utility plants, the National Coal Association found

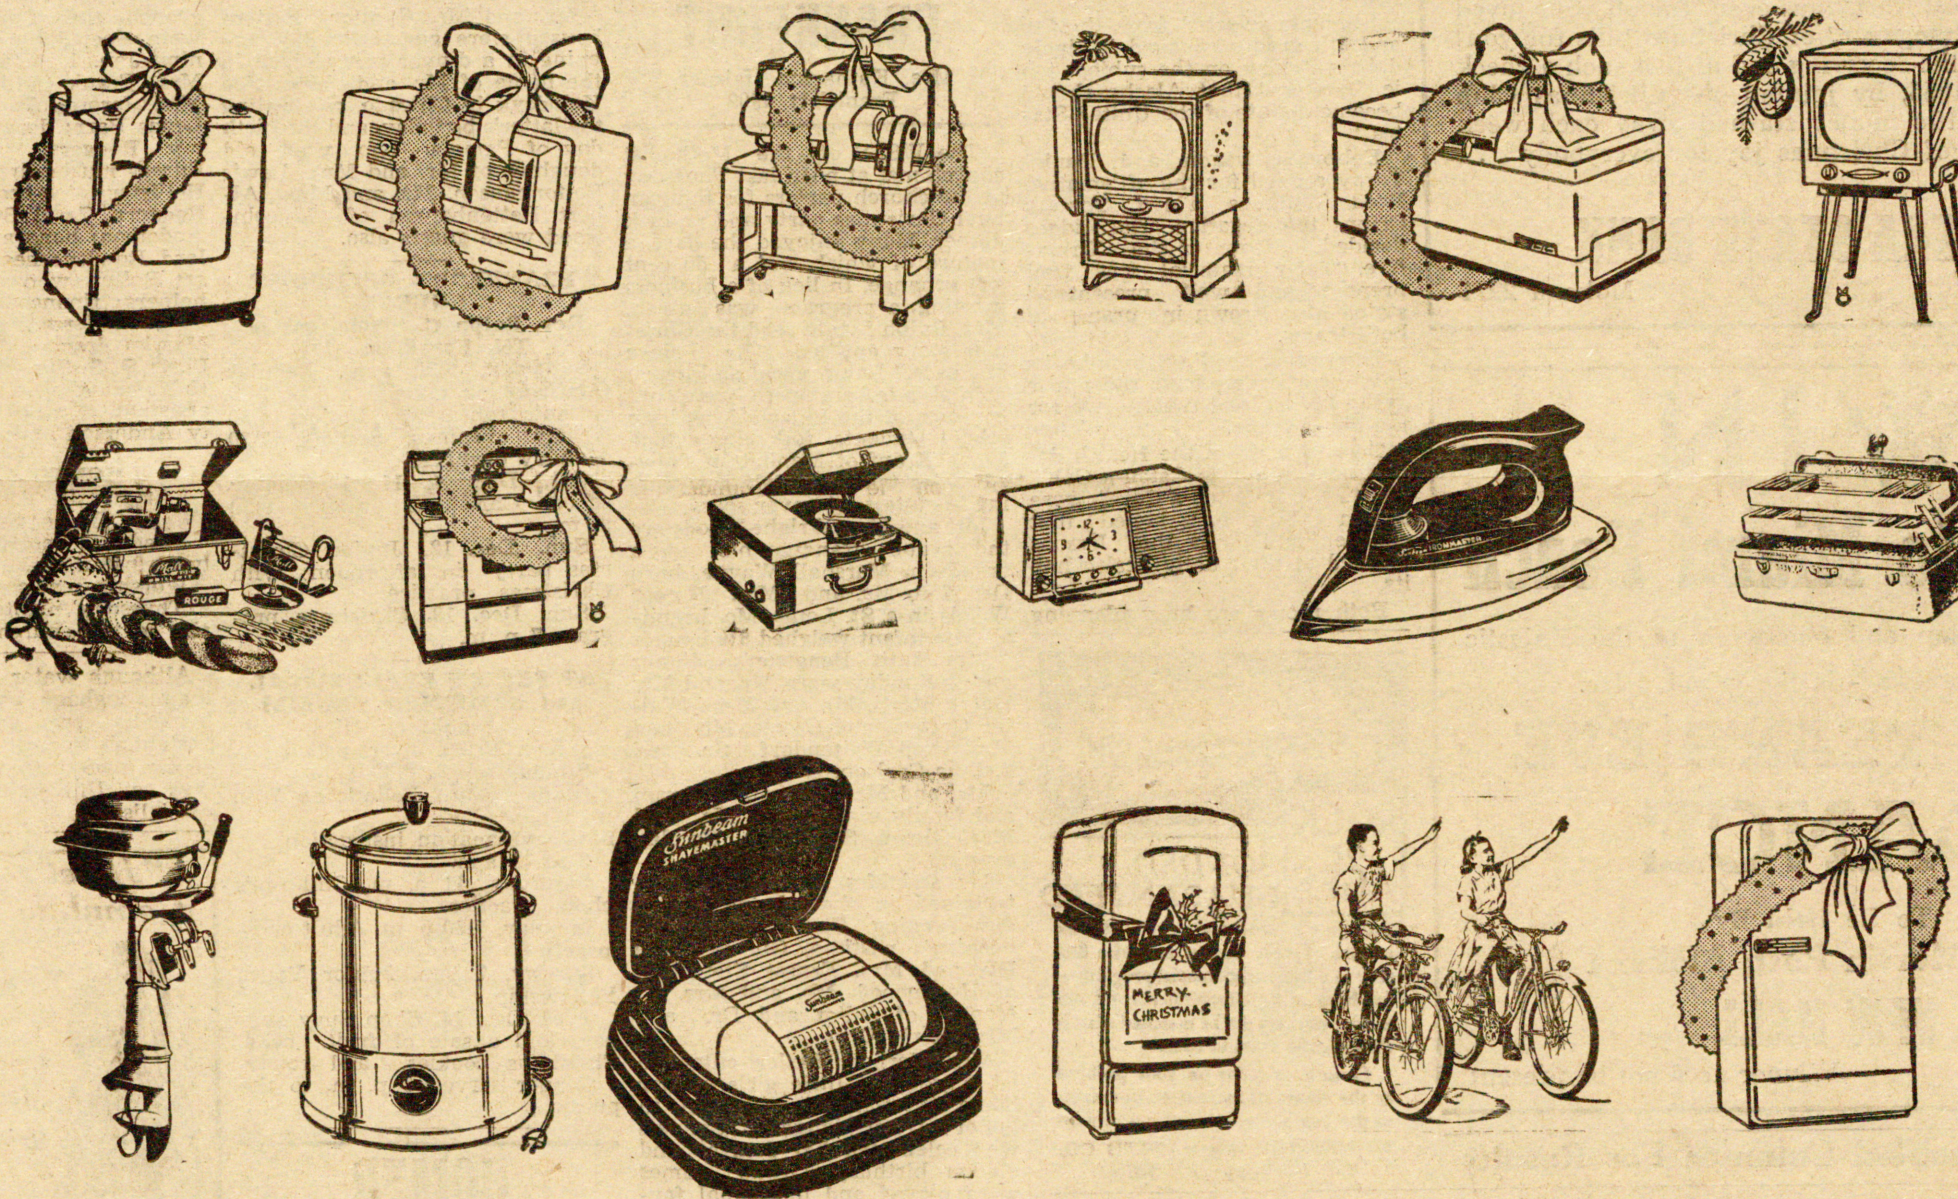

that plants in 22 states and the District of Columbia used coal in more than 50% of their electric generation.

Ohio's 51 electric utility plants were 99% on coal and 1 per cent on natural gas in 1953, according to the National Coal Association.

The regular monthly meeting of the Maue school board of directors was held in the school Tuesday evening. Following the routine business, plans to water-proof and paint the basement were discussed and decided upon.

Board members of the Maue PTA held a regular meeting in the Charles Henning home Thursday afternoon. Plans for the school Christmas program were completed. They also met Monday in the Charles Henning home where they made Christmas cards.

Another square dance was enjoyed at Maue school Friday evening. Square dancing has become one of the most popular pastimes in the Alpine community and it is generally agreed that the credit goes to Robert Laing of Orland Park, caller, who is never impatient and who has real teaching ability.

Mr. and Mrs. Stanley Pruchniak, sons of Gerald and Richard, of Chicago, were Saturday evening guests of Mr. and Mrs. Henry Felsch.

Mr. and Mrs. Albert Reeves entertained Sunday afternoon and evening in honor of their son Marvin and his fifth birthday.

Mr. and Mrs. Henry Felsch were Sunday evening guests of Mr. Mrs. Edward Irbacker, in Chicago.

Maue School News
Following a film on dental health recently, Miss Laverne Dombrowski, school health nurse let an over size tooth brush and a dental form on which students are practicing the proper way to brush teeth.

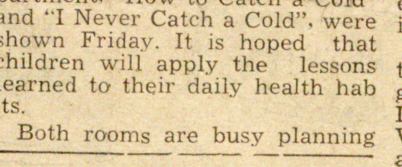

Students selected from the 7th and 8th grades engaged in lively debate Friday on the subject tooic "Resolved that Alaska should become a state of the United States."

Bobby Sellwag and Daniel Turay argued for the affirmative Reed Williams and Tommy Cripps the negative. The judges decided in favor of the affirmative. "Their material was well prepared and well presented," stated Mrs. Brown in praise of both teams.

Thirty four reading circle books have been ordered for the upper grade library and twenty five for the lower grade.

Two films from the Health department, "How to Catch a Cold" and "I Never Catch a Cold," were shown Friday. It is hoped that children will apply the lessons learned to their daily health habits.
